NCII Rural Pathways Project
Institute 5: Teaching and Learning Inside and Outside the Classroom
Team Session #1 – October 18, 2023

Overall Note:
Team time templates are designed to be worked on initially during the Institute and then utilized back at the college as a point of departure for further inquiry. Completed post-institute team time documents are to be submitted to Sarah Cale at sarah@ncii-improve.com by **November 17th**.

Introduction to Team Time #1: In the advance work for the Virtual Institute in June, you were asked to map the current onboarding experience for the majority of your students using CCRC's *Ask – Connect – Inspire – Plan* (ACIP) framework. Then, in the Team Time on day three (June 15th) of the Virtual Institute, you were asked to map the ideal onboarding experience for your students – and also to identify changes to the existing onboarding process that could be implemented in the 2023-24 academic year.

1. First, revisit those documents and discuss whether the plans you identified back in June are your current redesign plans for onboarding for this academic year. Record your current plan for the 2-3 changes to the onboarding process here – and if this is a departure or evolution from your previous thinking, briefly explain why.

   -
   -

2. **Identify the immediate next steps, and the person or people responsible for leading the redesign process, during the remainder of the Fall term.**
